**Belo Horizonte, 2 March 2024.**

Grace and peace in Christ Jesus! I hope to find you enjoying good health and in full communion with your brothers in Christ Jesus!

We were very happy with the Member Nation Gathering that took place here in our country, in our city. I think we were able to serve our dear brothers in the best way we could and that they felt embraced and well settled. We praise God for this opportunity that was of great value and precious to all of us! The days in which the meetings with prayers, information, and interaction between the brothers of the LEI family took place were very rich, and the gain we all had in those pleasant and joyful days for us was immeasurable! We emphasize our gratitude to God for the life of our brother Anderson Fleming, who spared no efforts to contribute greatly to the Member Nation Gathering taking place with great hospitality, professionalism and with a feeling of great joy in welcoming his brothers to our country.

The activities we carry out in the Mission are many by the grace of God and we have reached many people from the most diverse Brazilian states since we started offering the online course through Google Meet. Many are still taught in person due to the difficulty faced by students not having good internet or due to preference or lack of knowledge of current resources.
